MEDIA INVITE

What: Launch of four country packages for forests, nature and climate for Ghana, Papua New Guinea, Democratic Republic of Congo, and the Republic of Congo.

When: 2 December

Where: see details per country below

Dubai, 2 December - The [Forest & Climate Leaders' Partnership \(FCLP\)](#) is pleased to invite media to attend the launch of four country packages for forests, nature and climate for Ghana, Papua New Guinea, Democratic Republic of Congo, and the Republic of Congo. These are country-led visions that bring together public and private, national, and international partners with new and innovative financing for forests and climate action.

Key to 2030 progress is the launch of new partnerships, led by rainforest countries, aiming to scale investment in forest protection and sustainable land use in Ghana, Papua New Guinea, Democratic Republic of Congo, and the Republic of Congo. Join FCLP members and new international financing and implementation partners to learn more at a series of public launches today.

The FCLP

The FCLP is a focused effort of governments with partners committed to delivering on the GLD goal of halting and reversing forest loss and land degradation by 2030 while delivering sustainable development and promoting an inclusive rural transformation.

FCLP governments are demonstrating delivery on the GLD ambition through (1) maintaining high-level political leadership on forests, land-use, and climate; (2) accelerating and scaling action focussed on six major policy areas, and (3) accountability for commitments made.

The FCLP at COP28

At COP28 in Dubai, one year after its launch, the FCLP will proactively participate in the global dialogue on forest and climate action, showcasing progress and collaboration made over the past year, and highlighting the necessary actions for long-term systemic reforms with tangible examples of national and international efforts, demonstrating a comprehensive pathway forward.
